1982-1987

Compendium Section Edi-
tor for Prosthodontics,
2006-2008

May 19, 2009

Dear Doctor,

In my two decades of speaking on removable prosthodontics around the country, I have often been asked to refer dentists to reliable prosthetic denture technicians. Of the many prosthetic technicians I have evaluated, there is only a handful that I feel comfortable recommending to you.

One technician who provides great service and attention to detail is Jack Danilov of Danilov Dental Lab. Jack has a special talent in making each set up beautifully natural giving each of your patients a stunning individualized appearance. If you send him a case please inform him you want each to be handled just like he does for me.

Please let me know how your experience is with Jack so I can continue to maintain a high quality of control and only refer to those who are consistent with the Massad Denture.

If I can answer any questions regarding removable prosthodontics please don't hesitate to contact me at www.drjoemassad.com and email me from my website. If I am not available to answer your question in short order, then one of my team members will respond in my absence.

Sincerely,

Joseph J Massad, DDS
